COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF MINES
HARRISBURG

JOSEPH T. KENNEDY
THE SECRETARY

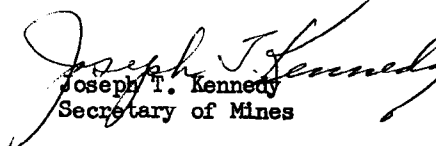

July 1, 1955

Honorable George M. Leader
Governor of Pennsylvania
Harrisburg, Pennsylvania

Dear Governor:

In compliance with the Act of April 14,
1903, I transmit herewith the report of the Department
of Mines for the year ending December 31, 1954, cover-
ing in detail the operations in the Anthracite Region
of Pennsylvania.

Respectfully submitted,

Joseph T. Kennedy
Secretary of Mines

GEORGE M. LEADER
Governor of Pennsylvania

Governor George Michael Leader was born in York County three miles south of York on January 17, 1918, third of seven children born to Guy A. and Beulah Boyer Leader. He is the second youngest Governor ever elected to the Chief Magistrate's office of the Commonwealth of Pennsylvania and the third member of his political party to occupy that post since the Civil War.

The Governor's elementary education was obtained in a one room school house. Later he attended York High School, York Collegiate Institute, spent three years at Gettysburg College, and graduated from the University of Pennsylvania with a B. S. degree in 1939.

In that same year he married Mary Jane Strickler, a native of York County. There are three children in the Governor's family: Michael, 10; Frederick, 5; and Jane Ellen, 1½.

The Governor and his family are members of the Lutheran Church. The Governor is a member of the Loyal Order of Moose and the Fraternal Order of Elks.

Following his marriage, the Governor spent two years on his father's 500 acre farm which is considered one of the most successful in the United States for its size. About this same time, he became active in local politics. He served four years as Secretary of the York County Democratic Committee.

In 1942, George Leader went to the Wharton School of Finance at the University of Pennsylvania but left after one year to enlist in the Navy.

For three years, including ten months service in the Pacific on the U. S. S. Aircraft Carrier Randolph, George Leader was a World War II Supply Officer.

The Governor then returned to York County, and with the help of a GI loan he bought the Willow Brook Farm — a 28 acre unit with an 80 year old birch house and an operating hatchery. He proved a very successful poultry farmer. In the first year he produced 100,000 baby chicks and today is producing more than 1,000,000 chicks and raising 60,000 broilers.

When the Governor returned to York County, he resumed his interest in the local Democratic Party. He served as County Chairman in several vigorous campaigns. In 1950 he was elected to succeed his father as State Senator when his father retired. As State Senator from the 28th District, he participated in the decisions of the General Assemblies of 1951 and 1953.

In 1952, receiving his first State-wide recognition by the Democratic Party, the young State Senator was selected on the State-wide ticket to run for State Treasurer. In 1954 he received the nomination of the Democratic State Committee for the Governorship. He was elected by the vote of 1,996,268 to 1,717,070 for his Republican opponent, sweeping into the Governor's chair by the large majority vote of 279,198.
