PART IV.

Railroad, Canal, Navigation, Telegraph, and Telephone Companies,

FOR THE YEAR 1885.

COMMUNICATION.

DEPARTMENT OF INTERNAL AFFAIRS,
HARRISBURG, *February 15, 1886.*

To His Excellency ROBERT E. PATTISON,
Governor of Pennsylvania:

In compliance with the requirements of the Constitution, and the acts of the General Assembly, approved respectively April 9, 1870, May 15, 1874, and June 4, 1883, I have the honor to present you herewith, for transmission to the General Assembly, a report of this Department, Part IV, Railroad, Canal, Navigation, Telegraph, and Telephone Companies, for the year ending December 31, 1885.

I am, very respectfully,
Your obedient servant,

J. SIMPSON AFRICA,
Secretary of Internal Affairs.

REPORT.

The last annual report of this Department, Part IV, on railroads, canals, etc., showed that the number of corporations making reports had risen from 258, in 1883, to 305, in 1884. The present report brings the number up to 346, an increase of 88 since 1883 and of 41 since 1884.

The companies reporting in 1884 were classified as follows: Railroad, 228; passenger railway, 50; canal, 8; telegraph and telephone, 19. Those embraced in the present report are: Railroad, 257; passenger railway, 55; canal, 8; telegraph and telephone, 26.

The present report embraces 43 railroad, 5 passenger railway, and 11 telegraph and telephone companies not included in the report of this Department for 1884. They are the following:

RAILROAD COMPANIES.

American Midland.
Baltimore and Ohio Short Line.
Brockwayville and Daguscahonda.

 Lykens Telegraph and Telephone.
 National Telegraph.
 Philadelphia and Seaboard Telegraph.
 Postal Telegraph and Cable.

Most of these are new or comparatively new enterprises, with lines in various stages of progress—some finished and in operation, others partially constructed, and still others only surveyed and in contemplation.

At the same time that the foregoing have been added to the list of reporting companies, the following have gone off since 1884:

RAILROAD COMPANIES.

Bellevue Inclined Plane.
Big Level.
Big Level and Kinzua.
Local Incline Plane.
Martin's Creek and Stroudsburg.
New York, Pittsburgh and Chicago.
Nittany Valley and Southern.
Pennsylvania and Martin's Creek.
Pennsylvania, Slatington and New England.
Pittsburgh Southern.
Reading and Pottsville.
Schuylkill River East Side.
Susquehanna and Delaware River.

TELEGRAPH AND TELEPHONE COMPANIES.

American Rapid Telegraph.
Sullivan Telephone.
Western Pennsylvania Telegraph and Telephone.
York Overland Telephone, Telegraph and Electric Light.

Some of these have been dissolved by the courts and no longer have a corporate existence; some of them have been merged in other companies, and some have failed to report for reasons unknown to this Department.

The reports of railroads operated by steam show an increase of \$26,230,099 40 in capital stock paid in, of \$26,798,779 22 in funded and unfunded debt, of \$40,019,730 81 in cost of roads and equipment, of 430 miles of track in Pennsylvania, of 904,539 in the total number of passengers carried, of 23,310,451 in the number of passengers carried one mile in Pennsylvania, of 5,414,457 in the total number of tons of freight carried, and of 2,372,194,340 in the number of tons of freight carried one mile in Pennsylvania. They also show a decrease of \$12,674,071 70 in earnings and of \$5,103,857 50 in operating expenses.

The tables do not exhibit with accuracy either the total number of miles of track, the total number of passengers, or the total tonnage. As observed in the report of this Department for 1884, "many of the reporting roads are leased, and their mileage has been reported by their lessees as well as by themselves, thus doubling it up." If the estimate of 12,765 miles of track in Pennsylvania made in that report was correct, the trackage at the close of 1855 must have exceeded thirteen thousand miles. Some companies omit the number of passengers carried, and state instead the number carried one mile in Pennsylvania, and in like manner some omit the number of tons of freight transported and state in lieu thereof the number transported one mile in the State.

Whilst these reports disclose an increase in the number of passengers and the number of tons of freight carried, they do not disclose an improvement in the business of the roads. The increase in passengers and freight may be owing to the greater number of companies reporting, or to a fuller filling-in of the columns devoted to passengers and freight. The earnings, which are believed to be fully and accurately given, show a considerable decrease compared with the previous year, and clearly point to a reduction in the volume of business or to a considerable reduction in rates. The large decrease in operating expenses, though insufficient to compensate for the still larger decrease in earnings, shows the strenuous effort made by railroad officials to offset diminished receipts by diminished expenditures.

The reports of passenger railways show an increase of \$598,022 54 in capital paid in and a decrease of \$839,711 04 in funded and unfunded debt. They also show an increase of \$165,604 48 in receipts and a decrease of \$141,227 91 in expenses. But the tables embrace some receipts by leased lines on account of rental and some payments on account of dividend, and therefore do not present a perfectly clear view of the actual earnings and expenses. There appears to have been a decrease of \$105,346 28 in the operating expenses, which, with increased receipts and diminished debt, is indicative of prosperity.

The Union canal was sold by the sheriff of Philadelphia and a new company organized by the purchasers under the name of the Schuylkill and Middletown Canal Company. The new company was dissolved by the court in November, 1885, and trustees appointed for the sale of its property. No report from this canal for 1885 has been received. Its absence marks the only important change in the table of stock and debt. There is an apparent increase of 3,006,883 tons in freight carried, but the Monongahela Navigation Company, which was absent from the column devoted to tonnage in the report for 1884, for reasons explained in a foot-note to the table for that year, appears in the present report with 3,259,391 tons, or 252,503 more than the apparent increase. And as explained in a foot-note to table C, on page 460 of this report, the full amount of freight transported by the Monongahela Navigation Company in 1885 is not given, not being susceptible of statement in tons. The reports show a decrease of \$183,412 38 in receipts, of \$42,979 39 in operating expenses, and of \$125,094 34 in total expenses.

The telegraph and telephone reports exhibit an increase of \$11,966,540 in capital now paid in, and of \$10,030,991 55 in funded and unfunded debt, a result due largely in the one case and entirely in the other to the first appearance in the report of this Department of the Postal Telegraph and Cable Company, with a paid in capital of \$10,500,000 and a debt of \$10,033,830 87. The cost of lines and equipment, which footed up only \$1,503,744 99 in the report for 1884, has risen to \$4,334,138 34, of which \$2,310,000 is contributed by the Postal Telegraph and Cable Company. The Western Union, the heaviest of all the telegraph companies, has never

reported its cost, alleging that the necessary information is not within its reach. There has been a large increase in the number of messages sent and received, but a decrease of \$1,299,857 06 in the receipts and of only \$392 94 in the expenses.

Up to the time of going to press, this Department had received reports from the railroad commissions of the other States, as follows:

Colorado—First Annual Report of the Railroad Commission, for the year ending June 30, 1885.

Connecticut—Thirty-third Annual Report of the Railroad Commissioners, for the year ending September 30, 1885.

Illinois—Fourteenth Annual Report of the Railroad and Warehouse Commission, for the year ending December 1, 1884.

Iowa—Eighth Annual Report of the Board of Railroad Commissioners, for the year ending June 30, 1885.

Kansas—Third Annual Report of the Board of Railroad Commissioners, for the year ending December 1, 1885.

Kentucky—Sixth Annual Report of the Railroad Commissioners, for the year ending November 30, 1885.

Maine—Report of the Railroad Commissioners, for the year ending December 1, 1885.

Michigan—Thirteenth Annual Report of the Commissioner of Railroads, for the year 1885.

Missouri—Tenth Annual Report of the Railroad Commissioners, for the year ending December 31, 1884.

New Hampshire—Forty-first Annual Report of the Railroad Commissioners for 1885.

New Jersey—First Annual Report of the State Board of Assessors, for the year 1884, on the Taxation of Railroad and Canal Property.

New York—Third Annual Report of the Board of Railroad Commissioners, for the year ending September 30, 1885.

Ohio—Annual Report of the Commissioner of Railroads and Telegraphs, for the year ending June 30, 1884.

Virginia—Ninth Annual Report of the Railroad Commissioner, for 1885.

Wisconsin—First Biennial Report of the Railroad Commissioner, for the year ending June 30, 1884.

These reports contain much information of great interest and value to the corporations and also to the citizens of this Commonwealth, and it is to be regretted that the arbitrary requirement contained in the law of June 4, 1883, to condense this volume to five hundred pages, prevents the publication herein of a review of them. This unwise requirement also makes it necessary to exclude from this report large portions of the returns of our railroad, passenger railway, canal, navigation, telegraph and telephone corporations, which concern our citizens and which ought to be given to the public.

ERRATA.

Table A, page 337, capital stock paid in by Mount Pleasant and Latrobe Railroad Company, printed \$35,000, should be \$6,500, and the total of that column, on page 341, should be correspondingly reduced.

Table C, page 347, Bradford, Eldred and Cuba, cost of road, printed \$992,776 11; should be \$972,776 11, and the cost of road and equipment should be reduced to \$1 109,591 81.

Table C, page 349, Harrisburg, Portsmouth, Mt. Joy and Lancaster, \$50 should be added to cost of road.

Table C, page 351, Philadelphia and Reading, cost of road, printed \$40,271,772 16, should be \$40,291,772 16, and \$20,000 should be added to cost of road and equipment, making it \$50,689,829 56.

Table C, page 352, Stewartstown, cost of road, printed \$56,000, should be \$66,000, and \$10,000 should be added to cost of road and equipment, making it \$72,900.

These corrections add \$10,050 to the totals of the first and third columns of table C, as printed on page 352.

Table G, page 367, where the name of the company is printed Buffalo, Bradford and Pittsburgh, it should be Buffalo, New York and Philadelphia; and page 368, where printed Mount Carbon and Port Carbon, it should be Mount Oliver Incline Plane.

Table G should have the following added to the column exhibiting the total number of passengers carried by each company: Baltimore and Cumberland Valley extension, 100,241; Erie and Pittsburgh, 192,767; Lykens Valley, 35,511; and the figures in that column opposite to Wilmington and Northern, printed 252,009, should be 254,010

Table I, beginning on page 377 and running to page 380, should have its column of gross tonnage increased by the insertion of the following figures: Berlin, 17,960; Cornwall and Lebanon, 374,876; Dillsburg and Mechanicsburg, 60,759; New York, Pennsylvania and Ohio, 4,706,491; Salisbury, 154,492; Sharpsville, 67,140; Slate Ridge and Delta, 1,987; Somerset and Cambria, 235,081; Southern Pennsylvania, 25,481; Wheeling, Pittsburgh and Baltimore, 580,541; and the tonnage of the New York, Chicago and St. Louis Company, printed 1,993,364, should be reduced to 1,984,364.

These errors do not enter into the comparative statements, which begin on page 392, having been discovered before they were printed.

Brockwayville and Daguscahonda.

Year ending December 31, 1885.

To J. SIMPSON AFRICA,

Secretary of Internal Affairs, Harrisburg, Pa. :

In the matter of the Brockwayville and Daguscahonda Railroad Company, I beg to report, that up to December 31, 1885, no organization of the company had been effected, no stock subscribed and paid, except as shown in the articles of incorporation, to my knowledge; and, with the exception of the preliminary survey, no work or business has been done by the company.

Respectfully submitted.

J. K. P. HALL, *President.*

HON. J. SIMPSON AFRICA,

Secretary of Internal Affairs:

HONORABLE SIR: Your favor of February 19, directed to D. H. Wallace, Treasurer of New Castle Northern Railway Company, has been handed to me for reply. D. H. Wallace has been in Tucson, Arizona, since March, 1885. The charter of the New Castle Southern Railway Company has been forfeited by limitation, no work having been done thereon. The New Castle Northern railway was partially graded in 1883 and 1884; a dispute arose and the road has been in the hands of D. W. C. Carroll, receiver, appointed by the United States Circuit Court, Western District, Pennsylvania, and it will take a decision of said court to determine the indebtedness of the company, so it would be impossible to make a report to your department until after the court fixes the claims against the company. There has not been any iron laid on the road bed, and some grading is yet to do. Hoping the above will be satisfactory,

I am yours, respectfully,

CHARLES S. WALLACE,

Former Treasurer New Castle Northern Railway Company.

NEW CASTLE, PA., March 3, 1886.

New Haven and Youghiogheny.

HON. J. SIMPSON AFRICA,

Secretary of Internal Affairs, Harrisburg, Pa.:

DEAR SIR: Referring to inclosed notice in regard to report of New Haven and Youghiogheny Railroad Company, would say that the line of this road has never been constructed, and consequently there is nothing to report.

Yours respectfully,

North Side Incline Plane.

To Hon. J. SIMPSON AFRICA,

Secretary of Internal Affairs, Harrisburg, Pa.:

SIR: The charter of the North Side Incline Plane Company was obtained for the purpose of constructing a plane on Buena Vista street, Allegheny City. Application was made to the councils of said city for the passage of an ordinance permitting the company to construct a plane upon Buena Vista street soon after the charter was granted. This ordinance the councils refused to pass. The charter is worthless without the ordinance, consequently, the North Side Incline Plane Company has never constructed its plane, and has not transacted any business whatever. It has no assets, and the projector of the enterprise has abandoned it.

Very respectfully,

J. A. McLAUGHLIN,
President North Side Incline Plane Company.

HONORABLE J. SIMPSON AFRICA,
Secretary of Internal Affairs, Harrisburg, Pa. :

DEAR SIR: We have received blank for report of Philadelphia, Newton Square and Chester Railroad Company.

This company was not incorporated until November 30, 1885, and we have no report to make.

We also received blanks for report of Central Pennsylvania Railroad Company, on which no work has been done except the making of the preliminary surveys, and hence there is no report to make.

Yours respectfully,

J. B. WASHINGTON,
Secretary, &c.

EXPRESS COMPANIES.

Names of express companies that run on the road, and the terms and conditions as to rates, use of tracks, machinery, repairs of cars, etc. The Philadelphia and Reading Railroad Company transacts its own express business.

TRANSPORTATION COMPANIES.

Names of freight and transportation companies that run on the road, and the terms and conditions as to rates, use of track, machinery, repairs of cars, etc. No transportation companies do business between local points on railroad or branches, other than lines of cars belonging to different railroad companies interchanging business with us.

Do they use the cars of your company, or those furnished by themselves, and are their cars or their freight given any preference in speed or order of transportation, and if so, in what particular? See answer to previous question.

Are any discriminations made by your company in charges or facilities for transportation between transportation companies and individuals, or in favor of either, by abatement, drawback, or otherwise? If so, state the reasons therefor. No.

Does your company make any preferences in furnishing cars or motive power to persons desiring to ship freight over its road? If so, why? No.

SLEEPING CARS.

Names of owners of sleeping and dining-room cars run on the road, the terms on which they are run, and the charges made in addition to the regular passenger rates. Sleeping cars are run, the charges for the use of the berths being collected by the Woodruff Sleeping and Parlor Coach Company, and the Pullman Palace Car Company, who are the owners of the cars.

U. S. MAIL.

Compensation paid by the United States Government for the transportation of its mails, and the terms of service. \$82,938 19; no contracts; terms vary on the different branches.

255 SOUTH THIRD STREET,
PHILADELPHIA, January 4, 1886.

Honorable J. SIMPSON AFRICA,
Secretary of Internal Affairs, Harrisburg, Pa:

DEAR SIR: The report of the West Chester and Phoenixville Railroad Company is substantially the same as last year, *i. e.*, matters stand *in statu quo* other than the question of cost, which has been increased by interest account, and now stands fourteen thousand six hundred and seventy dollars and twenty-eight cents (\$14,870 28.)

For further information, I beg to refer to our very full report to your predecessors for the year 1881, pages 908 to 911 inclusive, and remain,

Respectfully yours,
WEST CHESTER AND PHOENIXVILLE RAILROAD COMPANY.
By WILLIAM E. LOCKWOOD,

Wilcox.

Year ending December 31, 1885.

This company is now building, in conjunction with the Philadelphia and Erie Railroad Company, a road from Wilcox, Elk county, to a point in McKean county, about six miles distant, for the sole purpose of bringing lumber and bark from the woods lying adjacent to said road, to Wilcox. The road is still in an unfinished condition, no dividends have been declared, and the stock has no value whatever, except as representing what has been spent to grade the road-bed and lay the rails.

*Union.*LEBANON, PA., *April 8, 1886.*

J. W. GREENLAND, Esq.,

Deputy Secretary.

DEAR SIR: Your favor relative to the Union Canal Company was duly received. In reply will state: The Union Canal Company is *non est*, it having been sold out, property and franchises, by the sheriff of Philadelphia, in 1885. A new company was organized by the purchasers, under the name of the Schuylkill and Middletown Canal Company, which last-named company was dissolved by the court in November last, and trustees appointed by the court for the sale of its property.

I had supposed you had received notice of the said action, as I was obliged to get certificates from Auditor General and receipts from Treasurer to show payments of all taxes due the State on both companies before dissolution. If you wish any special notification, I will see that you get it in such form as you may wish, if you will prepare it and send it to me.

Very truly yours,

GRANT WEIDMAN.

Cost of Line and Equipment.

Cannot state, because no account of such cost is now in possession of the company.

Characteristics of Line.

The lines are leased to the Western Union Telegraph Company, and are so merged with the lines of that company that it is not practicable to give their characteristics.

The return of the Western Union Telegraph Company includes all lines leased or owned by it.

The length of time for which the lines are leased, as above stated, is until terminated by six months' notice at the option of either party.

Tariff of Rates for Transmission of Messages.

Same as those of the Western Union Telegraph Company.

Expenses.

Gross expenses of entire line are paid by the Western Union Telegraph Company, lessees, and are included in the return of that company.

Receipts.

Gross receipts of entire line accrue to the Western Union Telegraph Company, lessees, and are included in the return of that company.

Citizens' Telephone.

Allegheny county, ss:

Before me, the subscriber, personally appeared Norman May, who, being duly sworn, deposes and says that he was formerly treasurer of the Citizens' Telephone Company; that for the past two years and upwards the said company has transacted no business whatever, and has practically abandoned its organization and ceased to exist; and for the foregoing reasons the affiant says it is impossible to make the report required now by the Honorable the Secretary of Internal Affairs, and further saith not.

NORMAN MAY.

Sworn to and subscribed before me, this 16th day of April, A. D. 1886.

W. Harrison Godwin, being duly sworn according to law, deposes and says that he is Secretary of the Clay Commercial Telephone Company; that on the 24th day of April, 1884 the American Bell Telephone Company and the Bell Telephone Company of Philadelphia filed a bill of complaint in the Circuit Court of the United States for the Eastern district of Pennsylvania, alleging that the said Clay Commercial Telephone Company were infringing the patents owned by the complainants, and praying that an injunction be granted against the said Clay Commercial Telephone Company; and afterwards, on the 24th day of April, 1885, it was ordered and decreed by the said Circuit Court as follows: "It is ordered that the hearing stand over, and that in the meantime the defendants be restrained from any infringements of the patents of the complainants according to the prayer of the bill," and since the 24th day of April, 1885, the said Clay Commercial Telephone Company has not carried on business in the State of Pennsylvania, but, on the contrary, the property of the company has been levied upon and sold under judicial and other process, and the company can carry on no business until the injunction case is decided in the Circuit Court, which decision has not yet been rendered.

W. HARRISON GODWIN,
Secretary.
